

# **BITH309 SPIRITUAL WARFARE**

## **Lesson 1 - Introduction**

This course explores the development of the Christian church from Pentecost through the 20th century. Christians must be aware of the enemy and his army and learn how to overcome them. There is a growth of demonic activity in the area of occultism, false cults, and spiritism that must be confronted by Believers. Whole congregations must learn or be taught about the enemy so that they may wage the battle that will free their loved ones and even themselves.

Most Believers do not spend the time necessary to learn the spiritual truths and practice all of His teachings. There are even Christians who do not believe that demons exist. No wonder they and many others are captives of the devil.

All Believers must learn that they have authority and power over all the wicked forces that are arrayed against them. This authority is given to us by the Lord because He knows we need it (Jn.14:12).

Many things are being used to try to replace God's truth. The uses of technical and intellectual ideologies reflect the spiritual emptiness of the secular world. There are escapists and insecure men and women who are turning to spiritism and psychic powers for spiritual help. Others are turning to the New Age movement.

We cannot afford to ignore the activities and attacks of the devil. We must understand and diagnose the situation by looking at it in the light of God's Word. It was predicted that we would experience these activities in the last days (1Ti.4:1). Believers must fight back with the "good fight of faith," or many will lose the battle.
