

BITH502 THE GOSPELS/THE LIFE OF CHRIST

INTRODUCTION

The course will take students through a chronological and synthetic study of the Gospels' accounts of Christ's birth, life, death, resurrection, and ascension. Two specific topics covered will include: the Sources for the Life of Christ; Introduction to the Four Canonical Gospels and An Outline of Jesus' Life; Harmonizing the Gospels. The course consists of 14 Lessons and upon completion of this course you will:

- Know the major aspects of the life and teaching of Jesus.
- Be able to describe the chronology and geography of the life of Christ.
- Understand the basic content and the unique contribution of each gospel.
- Be able to discover the contemporary significance of issues raised in the study of the life of Jesus.
- Understand and articulate the purpose of each of the four Gospels.
