The Pastoral Ministry in the Church of Jesus Christ arises out of the provision God has made for His church of men who are suitable called and equipped for the proclamation of His Word and the care of His people. By exploring the elements of Biblical teaching on the subject, the student is supplied with a comprehensive overview of essential elements for understanding the nature of the Pastoral Ministry.

The contemporary church is faced with many pressures and voices seeking to influence the Pastoral Ministry. By focusing on the Biblical warrant, criteria, and pattern of the Pastoral ministry this course seeks to help shape the students thinking and pastoral practice in accordance with God's Word.

Paul's motivation Pastoral ministry was not simply his apostolic commission received from God, but also the profound sense of wonder and gratitude that God's grace had been revealed to him, as he expresses to Timothy: "I thank him who has given me strength, Christ Jesus our Lord, because he judged me faithful, appointing me to his service, though formerly I was a blasphemer, persecutor, and insolent opponent. But I received mercy because I had acted ignorantly in unbelief, and the grace of our Lord overflowed for me with the faith and love that are in Christ Jesus."

The apostle Paul uses various metaphors to describe the work of a pastor.

The Pastor is pictured as:

- A worker who must be concerned about the quality of his work
- A farmer who works hard to produce his crops
- A soldier who denies himself for the sake of the warfare he is engaged in
- An athlete who for the sake of competing has learned self-discipline
